

CHINA SOUTHERN AIRLINES B787 CAPTAINS

中国南方航空
CHINA SOUTHERN

China Southern, headquartered in Guangzhou, Southern China, is the world's 6th largest airline and requires both type-rated and non-type rated pilots for its expanding B787 fleet.

China Southern offers pilots the choice of being based in Guangzhou, or 'reverse rostered' to destinations on the B787 network, or you can opt for the brand new Month ON/Month OFF roster mode.

This new mode makes commuting a very realistic option, offers an attractive lifestyle choice where you only work for 6 months in a calendar year, and still receive approximately \$26,000-\$29,000 USD per month worked. You also have the option of changing your roster mode each year if you wish.

In addition, all remuneration is net/after taxes in China.
