

AIR CHANGAN AIRLINES

B737NG TYPE RATED CAPTAINS

长安航空
AIR CHANGAN

Air Changan Airline is new airline, based in Xi'an, China, and operates a fleet of B737NG aircraft.

Air Changan (CGN) is a subsidiary of the HNA Group, the largest private airline in China and the largest employer of foreign contract pilots, with over 200 expatriate crew. CGN itself is expanding their network with B737NG, B787 and A330 aircraft scheduled to arrive over the next 4 years, and is looking to add destinations in Australia, Eastern Europe, Central Asia and North America.

CGN is looking to recruit foreign pilots to assist with this expansion and offers an excellent package of salary and benefits for experienced B737NG Captains.

Contracts are 4 years in length, with resident and commuting lifestyle roster options available.

Salary payable varies considerably based upon the roster selected, however pilots can expect to earn from US\$152,400 to US\$294,000 per year, and CGN pays your Chinese income tax liability.

The planned expansion is for 150 narrow and wide-body aircraft by 2020, and it is anticipated that pilots joining CGN early in the expansion phase can expect to upgrade to the B787 and A330 aircraft as they arrive. This is an extremely attractive combination of remuneration, lifestyle choice and upgrade potential to any current B737NG Captains.
