

SUPARNA AIRLINES

B744 & B787 NTR CAPTAIN

Suparna Airlines offers one of the best contracts anywhere, with a great opportunity for Airbus or Boeing Captains to change types and receive one of the highest package of benefits available anywhere.

Suparna will accept all rated Captains with more than 4000 hours on commercial aircraft to transfer to the B747-400.

Direct entry positions on the B787 are only for B787 rated Captains, however transitions for Suparna B744 pilots will be allowed as positions become available.

Suparna, formerly known as Yangtze River Express, has rebranded to reflect the new direction for this expanding airline as it looks to increase its passenger and cargo operations across the globe.

Suparna currently operates a fleet of 22 freighter and 11 passenger aircraft across B737NG and B744 types. In December 2017 Suparna receive their first B787 pax aircraft, with another 2 for delivery in 2018.

Contracts are 3 years in length for type-rated pilots, 5 years for non-type rated pilots. There are three roster choices available: resident in China, or choose from 8 or 11 days off in a block per month.

Suparna pay your income tax liability in China so all remuneration is 'in the hand', plus Suparna provides free and reduced cost international and domestic tickets each year on the HNA network of airlines.

In addition, all Longreach China pilots have access to:

- ✓ Global medical insurance for the pilot and family
- ✓ Life Insurance to the value of \$300,000 AUD
- ✓ Bespoke Loss of Licence income protection plan underwritten by Lloyds of London, providing up to US\$15,000 per month for two years, plus up to US\$550,000 lump sum benefit.
